Mr. James F. Hyde
Acting Assistant Director for
Legislative Reference
Office of Management and Budget
Washington, D. C. 20503

Dear Mr. Hyde:

In accordance with the request of the Office of Management and Budget, as directed by the President, enclosed is a proposed bill to limit the cost-of-living increases of annuities under the Central Intelligence Agency Retirement Act of 1964 for Certain Employees, as amended.

Our language was prepared in coordination with Mr. Tinsley of the Civil Service Commission, and is based on their proposal for the Civil Service Retirement System since the cost-of-living section in our Act is based on and is substantially the same as the similar section in their Act.

In view of the similarity of the retirement systems of the Agency and of the Civil Service in this regard, if the proposal for the Civil Service system is amended during the legislative process, for continued conformity we undoubtedly will support the same changes to our proposal.

Sincerely,

SIGNED
